## Important Changes for 2021

2021 will be the last season that anglers will need to apply on a draw to obtain a Class C Walleye Special Harvest Licence. Class C priority points not utilized in the 2021 Draw will not be carried forward to the 2022 licence year as there will no longer be a draw process for Class C licences.

In order to increase the number of special harvest licences available to anglers, all licences will be issued with 2 tags.

## MEASURING FISH LENGTH

It is best to immediately release fish that are close to legal length rather than subjecting the fish to extra handling for the taking of a more accurate measurement. Flexible tape measures may be used provided only the straight-line length of the fish is measured without including the curvature of the body in the length of the fish. It's a good idea to have a fish measuring stick with you and to place it beside the fish before lifting the fish from the water.

**Length** – The total length (maximum) of a fish is measured from the tip of the nose or jaw to the tip of the tail fin, with the tail pinched.

## DRAW RULES

The following table lists the fish draws available.

Type of Special Walleye Licence Draws Available	Restrictions on Applying for These Draws	Maximum Applications Allowed
Walleye (Class A)	<ul style="list-style-type: none"> <li>An Alberta Resident may apply for all 3 draws but may only be drawn in one.</li> </ul>	1 application for each from this list of 3.
Walleye (Class B)	Draws will be conducted in this order: <ul style="list-style-type: none"> <li>Walleye (Class A) first, Walleye (Class B) second, and Walleye (Class C) third.</li> <li>Applicants drawn in a walleye draw will be eliminated from the subsequent draws.</li> </ul>	
Walleye (Class C)		

**WiN: All applicants** must have a 10-digit **Wildlife Identification Number (WiN)**, including those under 16 years of age, over 65 years of age, and Métis people. A WiN can be purchased online or at any licence issuer for \$8.00 plus GST.

**Age:** There is no age restriction.

**Residency:** The draws are available to residents of Alberta only.

**Eligibility:** A resident of Alberta is not eligible to apply if their fishing privileges are under suspension or cancellation. An applicant must be eligible to hold an Alberta Sportfishing Licence at time of application.

**Application Cost:** A price of \$3.35 (plus GST) is charged for each application and is non-refundable.

**Group Applications:** A maximum of 4 applicants may apply together. A group making a joint application for a draw is only charged for one application. To make a group

application, you only need to apply once for the entire group, listing the WiN of each applicant. If drawn, those who applied as a group will be drawn as a group, and each angler will then be authorized to purchase a Special Walleye Licence.

**Draw Priority:** The draw priority system is designed to recognize anglers who apply for the same special harvest licence annually. A draw applicant's priority increases when the draw application is not drawn and will be reset to 0 once their application has been drawn. Priority will be accumulated, tracked and used in the draw selection. The priority for a group application will be based on the individual applicant whose priority is lowest.

**2021 will be the last year to use your Walleye Class C Priority.**

**Choices:** An applicant can indicate up to three lake choices for each draw. The exception is if you choose "Priority Only". If you do not want to be drawn but want to increase your draw priority, use "Priority Only" as your first

and only draw choice on your draw application. Normal draw application restrictions apply regarding eligibility.

You can view last year's Special Licence Draws Summary Report online at [albertarelm.com](http://albertarelm.com). This report provides statistics on the number of applications, number of licences available and your chances (%) of being drawn.

***Did you know that each year, over 20,000 Walleye Special Licence Draw applications are received? Participation in 2020 remained strong with over 20,000 applications being received for more than 16,000 licences available.***

## LICENSING REQUIREMENTS

Anglers who wish to retain a walleye in one of the specified lakes is required to hold a Special Walleye Licence (including seniors, youths, and Métis people, who do not hold a domestic fishing licence). An Alberta Resident Sportfishing Licence is also required unless you are under 16 years of age, an Alberta resident aged 65 or older, or a first Nations' person who is defined as an Indian under the federal Indian Act. An angler may hold only one Special Walleye Licence for walleye per year. This licence allows an angler to retain a walleye of a specified total length, in a specified lake, during the specified season. The licence cost is \$11.00 plus GST and it is available for purchase at licence issuers or online at [albertarelm.com](http://albertarelm.com). To buy a licence online, you must have a pre-numbered Government of Alberta paper tag and wire before you begin your purchase. A tag must be affixed to the fish as instructed. The licence must be retained along with the tagged fish. **Do not** remove this tag until the fish is prepared for taxidermy or consumption.

The angler must carry both the Resident Sportfishing Licence and the Special Walleye Licence and tag(s) on his/her person while angling. A Sportfishing Licence is required to purchase a Special Walleye Licence even during a free fishing weekend.

**Lost Special Walleye Licence and/or Tag**  
Lost/destroyed licences – All purchased licences can be reprinted either at a licence issuer for a \$2.00 fee, or online at no charge.

Lost/destroyed tags – You are required to bring your licence and identification to a licence issuer and obtain the authorization for the tag replacement. \$11.00 fee is applicable per licence.

## Notice to Anglers

At the time of printing this document, the lakes identified are open for the current season under a Special Licence Draw. Alberta Environment and Parks (AEP) reserves the right to close any of these lakes if it is deemed that a lake will not be able to sustain a harvest ie. if a lake is at risk for winterkill, AEP will implement a zero draw quota. If you have any questions regarding this statement, contact Fish and Wildlife Policy Branch. **email: [AEP.Outreach-Services@gov.ab.ca](mailto:AEP.Outreach-Services@gov.ab.ca)**

A walleye that is retained must be tagged immediately through the gill cavity and mouth with the paper tag and wire provided with the Special Walleye Licence.

To tag your walleye:

- Spread the ends of the wire loop slightly apart and insert an end into one side of the mouth, pushing it back toward the gill opening on the same side until it protrudes out from the gill cover.  
**Note: you may have to squeeze the wire ends close together again.**
- Remove the backing from the adhesive paper tag.
- Place the open end of the wire loop flat against one half of the adhesive side of the tag and fold the other half over, so that the adhesive sides are pressed together evenly and firmly, with the wire secured between.  
**Note: the open portion of the wire loop must be completely covered by the tag.**
