It is unlawful to hunt any wildlife or discharge a firearm between one-half hour after sunset and one-half hour before sunrise.

These times apply only to the specific location and specific day (not numerous days).

If hunting in between two listed communities, hunters can calculate what time would apply in their location.

To establish specific times for sunrise/sunset, refer to the National Research Council Canada (nrc-cnrc.gc.ca/eng/services/sunrise/advanced.html)
